An effective technique for figuring out a price is to send out a survey to your present customers. If these prospects have already purchased an book from you, ask for his or her opinion in terms of price. Do that by making a sales web page for the brand new book, but do not embody a price on that page. One other technique is to test out prices by making a number of duplicate gross sales pages with completely different prices on each page. Ensure that your sales copy is strictly the same on each

page, and contains your promoting-handle sentence. Then figure out for every web page the conversion ratio between visitors to your site and sales of your book. This may inform you what your optimum value is.

In the end, if you happen to've written a guide that solves a drawback or presents a new approach, your book will herald each traffic and profits. So be sure you write that selling-handle sentence that sums up what problem your e-book solves and what the benefits of your 149 ebook shall be to the customers who buy it.
