Determine if your goal is to get large distribution and most exposure. This objective is geared toward drawing clients to your corporation or service, or to establishing the credibility of your reputation. If that is your principal objective, you need to aim to maintain your price on the low side. Some authors have even priced their ebooks at a revenue loss to attract a high variety of new customers. If you want to see giant income over customer draw, aim for an audience that's searching for easy solutions to their problems at a low price. In case your e-book is aimed toward fixing one specific problem somewhat than common recommendation, then you possibly can cost more. Begin at the highest value the market will bear to usher in the largest profits, and plan to low cost the e book a number of occasions all through the year.
