An effective approach for figuring out a price is to send out a survey to your present customers. Do that by making a gross sales web page for the new ebook, but don't include a price on that page. As an alternative, add various links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other strategy is to test out costs by making a number of duplicate gross sales pages with totally different prices on each page. Be certain that your sales copy is precisely the same on each page, and consists of your selling-deal with sentence. Then figure out for every page the conversion ratio between visitors to your web site and sales of your book. This will inform you what your optimum value is.

In the end, should you've written a guide that solves a problem or presents a brand new approach,

your guide will bring in both traffic and profits. So make sure you write that selling-deal with sentence that sums up what downside your e-book solves and what the benefits of your 1941 book will likely be to the purchasers who buy it. And then watch your market come to you!
