Another strategy is to check out prices by creating a number of duplicate sales pages with different costs on every page. Ensure your sales copy is precisely the same on each page, and consists of your

selling-handle sentence. Then work out for each page the conversion ratio between visitors to your website and sales of your book. This may inform you what your optimum worth is.

Ultimately, if you happen to've written a book that solves a downside or presents a brand new technique, your e-book will usher in both traffic and profits.
