An effective method for figuring out a worth is to ship out a survey to your present customers. If these prospects have already bought an e-book from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales page for the brand new e book, however don't include a price on that page. Instead, add numerous links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to check out prices by making a variety of duplicate sales pages with different costs on every page. Be sure that your gross sales copy is strictly the same on every web

page, and contains your selling-deal with sentence. Then determine for every page the conversion ratio between guests to your website and sales of your book. It will tell you what your optimum price is.

In the end, if you happen to've written a ebook that solves a drawback or presents a brand new technique, your ebook will usher in both traffic and profits.
