An effective approach for figuring out a value is to send out a survey to your current customers. If these clients have already purchased an book from you, ask for his or her opinion by way of price.

Do that by creating a sales web page for the new guide, however don't embrace a value on that page. As a substitute, add quite a lot of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to test out costs by creating a number of duplicate gross sales pages with different prices on every page. Be sure that your sales copy is precisely the similar on every web page, and includes your promoting-handle sentence. Then work out for each web page the conversion ratio between visitors to your site and gross sales of your book. This may inform you what your optimum price is.

Finally, in case you've written a book that solves a problem or presents a new method, your e-book will usher in both visitors and profits. So make sure you write that selling-handle sentence that sums up what downside your e-book solves and what the advantages of your 2609 ebook might be to the shoppers who buy it.
