Advertising and marketing Methods

The key that unlocks the gross sales potential of your e book is to find a single sentence that becomes your selling handle. Then remember to use that sentence in every piece of sales and promotional materials, and each time anyone asks you about your ebook.

In addition to promoting your books assiduously online, there are a number of other methods that may show you how to sell extra books.

One is to provide one thing away for free with your guide, resembling a precious bonus item. Or bundle several ebooks under one price, which lowers the worth for every ebook if they had been bought separately.

An efficient approach for determining a value is to send out a survey to your present customers. If these clients have already purchased an e-book from you, ask for his or her opinion in terms of price. Do that by creating a gross sales web page for the new guide, however do not include a worth on that page. Instead, add a number of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other strategy is to test out costs by creating a variety of duplicate sales pages with completely different prices on every page. Make sure your gross sales copy is exactly the same on

every page, and contains your selling-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your website and sales of your book. It will inform you what your optimum value is.

Ultimately, if you've written a e-book that solves a problem or presents a new method, your e-book will herald each site visitors and profits. So you'll want to write that selling-handle sentence that sums up what drawback your guide solves and what the benefits of your 300 book will be to the customers who purchase it.
