An effective method for determining a value is to ship out a survey to your current customers. If these clients have already bought an e-book from you, ask for their opinion in terms of price. Do this by making a gross sales web page for the new e-book, but do not embrace a price on that page. Instead, add a number of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to test out costs by creating a number of duplicate sales pages with different costs on each page. Make sure that your sales copy is precisely the same on each page, and consists

of your selling-handle sentence. Then determine for every web page the conversion ratio between visitors to your site and sales of your book. It will tell you what your optimum price is.

Finally, in case you've written a book that solves a downside or presents a new approach, your e-book will bring in both visitors and profits. So be sure you write that selling-handle sentence that sums up what downside your guide solves and what the benefits of your 348 e-book might be to the purchasers who buy it.
