sales and promotional material, and each time anyone asks you about your ebook.

In addition to selling your books assiduously on-line, there are several other strategies that may make it easier to promote extra books.

An efficient approach for figuring out a worth is to send out a survey to your present customers. If these clients have already purchased an e book from you, ask for his or her opinion when it comes to price. Do this by making a gross sales page for the new book, but don't embrace a value on that page. As an alternative, add quite a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other strategy is to test out costs by making a variety of duplicate sales pages with totally different costs on each page. Ensure that your sales copy is exactly the identical on every page, and consists of your selling-handle sentence. Then figure out for every web page the conversion ratio between guests to your site and sales of your book. This will tell you what your optimum price is.

Finally, in the event you've written a e-book that solves a drawback or presents a brand new method, your e book will usher in each site visitors and profits.
