An efficient method for figuring out a value is to ship out a survey to your current customers. If these clients have already bought an ebook from you, ask for their opinion in terms of price. Do that by making a sales web page for the brand new book, but do not embrace a worth on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to test out costs by making a number of duplicate gross sales pages with totally different costs on every page. Ensure your sales copy is strictly the similar on every page, and contains your selling-deal with sentence. Then determine for every page the conversion ratio between visitors to your web site and gross sales of your book. This may let you know what your optimum price is.

In the end, in the event you've written a ebook that solves a downside or presents a new method, your guide will bring in both traffic and profits.
