But the fact that unites ebooks and print books is that they're composed of ideas. It's the ideas in these books which have the ability to change, or presumably transform, people's lives.

Resolve in case your goal is to get extensive distribution and most exposure. If that is your predominant goal, you need to purpose to maintain your price on the low side. Some authors have even priced their ebooks at a profit loss to draw a high variety of new customers. The secret is to find a price that maximizes your profits and the variety of books you sell.

This is an excellent pricing technique if you're looking to acquire lengthy-time period customers. Lengthy-time period prospects are extraordinarily seemingly to buy from you once more and again ? as long as the first book they purchase is of exceptional high quality and useful to the customer.

Nonetheless, if your guide contains precious ? and more importantly NEW data, references, or methods ? then you should purpose to price it on the high end.

After you determine your goal, you could figure out what your audience's want is for your ebook. For example, does your guide clear up a particular problem? If it does, and solves it in a means that hasn't been written about in 100 other ebooks, you may be in a position to achieve excessive sales at a high price. In case your guide solves an issue or solutions questions in a new and unique means, you must worth your e book as excessive as you may go. If you wish to see massive income over buyer draw, aim for an audience that is on the lookout for straightforward solutions to their problems at a low price. If your guide is aimed toward fixing one specific downside moderately than basic advice, then you can charge more. Start at the highest price the market will bear to bring in the largest earnings, and plan to discount the e-book a number of occasions throughout the year.

Another technique is to check out prices by making a variety of duplicate gross sales pages with totally different prices on every page. Be sure that your sales copy is exactly the same on every

page, and consists of your selling-deal with sentence. Then work out for every web page the conversion ratio between visitors to your site and sales of your book. It will tell you what your optimum price is.

Finally, for those who've written a ebook that solves a problem or presents a brand new approach, your book will herald both site visitors and profits.
